Frequently Asked Questions

Q: Can Vustr Trans be used without the box?

Transparent LCD technology requires a very strong backlight in order to be see-through and to correctly display.

Q: Can Vustr Trans box be customized ?

Yes, the dimensions of the outer box can be customized. Production time will be approximately 4 weeks.

Q: Can Vustr Trans be used in Portrait mode ?

Yes, all Vustr Trans models can be used in both Portrait & Landscape mode.

Q: How can we play our content ?

Vustr Trans comes with an inbuilt media player supporting a wide range of formats like Video , Images , HTML etc.

Additionally, customers can directly run content by connecting using HDMI Cable.

Q: Is the display protected from the front?

A high-quality protective glass is integrated in every unit with a touch sensor.

Q: How do we place and change products inside the box?

The access panel is located on the back of the unit. You can manually open and completely remove it.
